

Why work with us?

lean in

**You've got a great
product but people are**

**You want growth, not a
40-page strategy doc
about growth?**

so if that's you

You're in luck

Because...

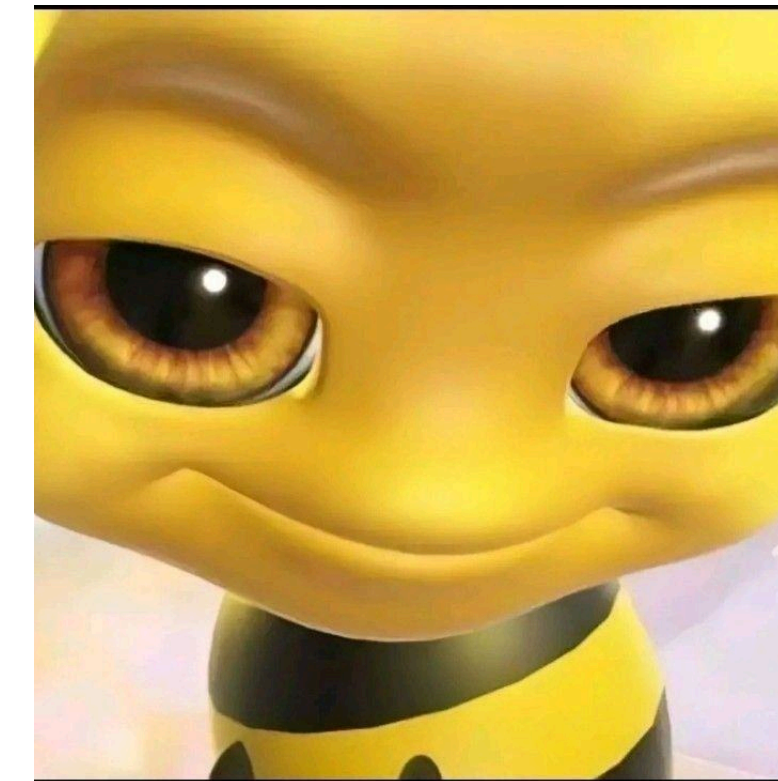

We're really good at our jobs

or so we heard from our clients

We're fast

Like, did-you-just-do-that-in-one-day? fast.

We become your team

No meetings about meetings

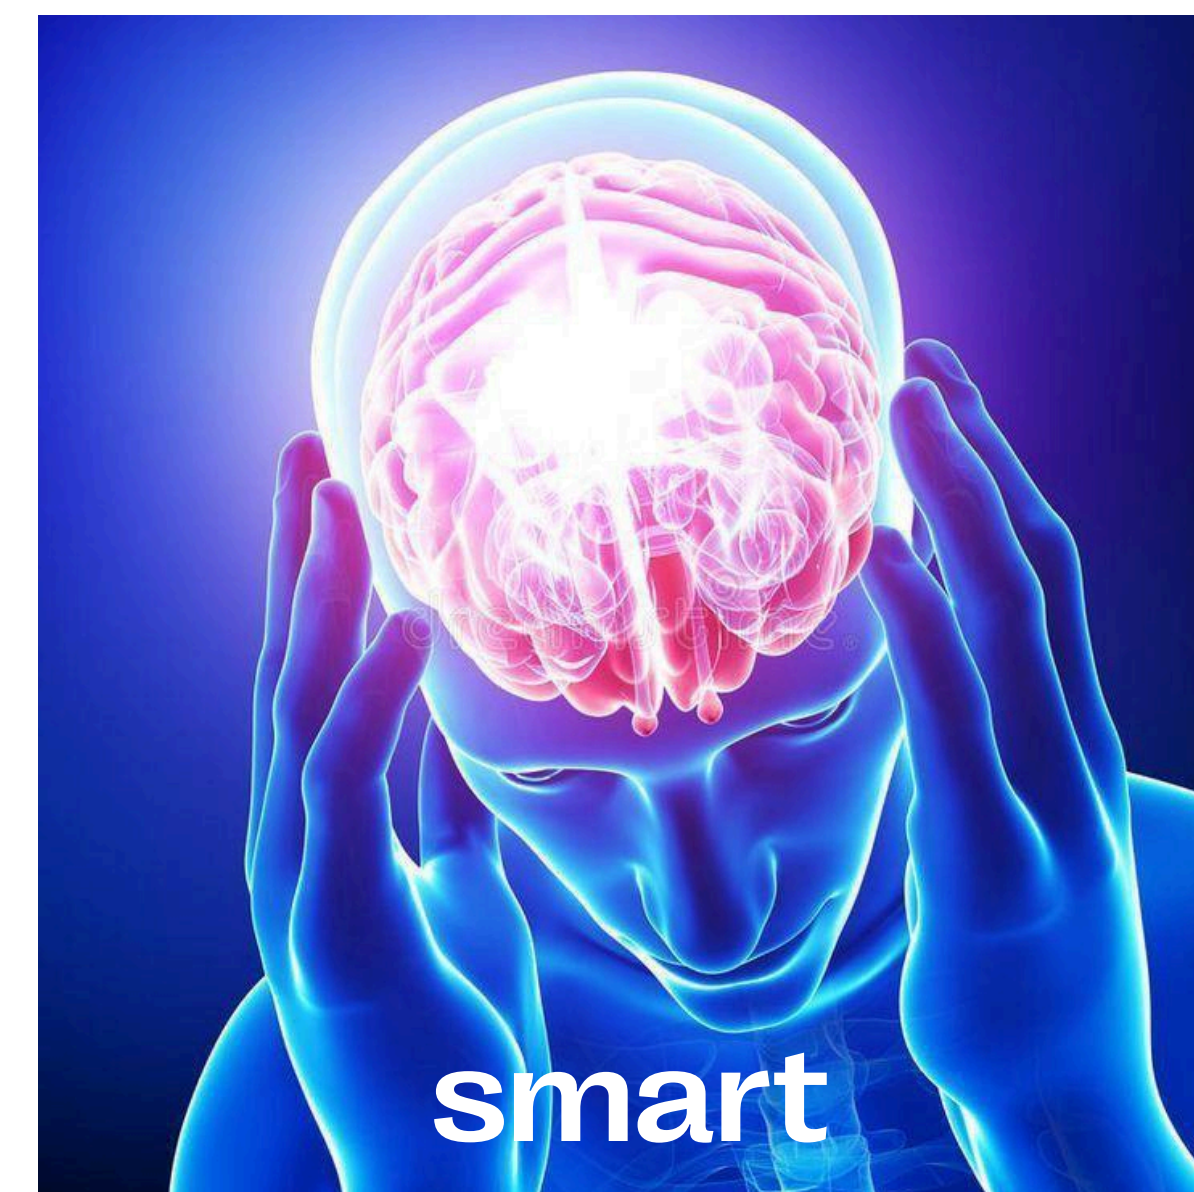

unless you like chatting – we do that too

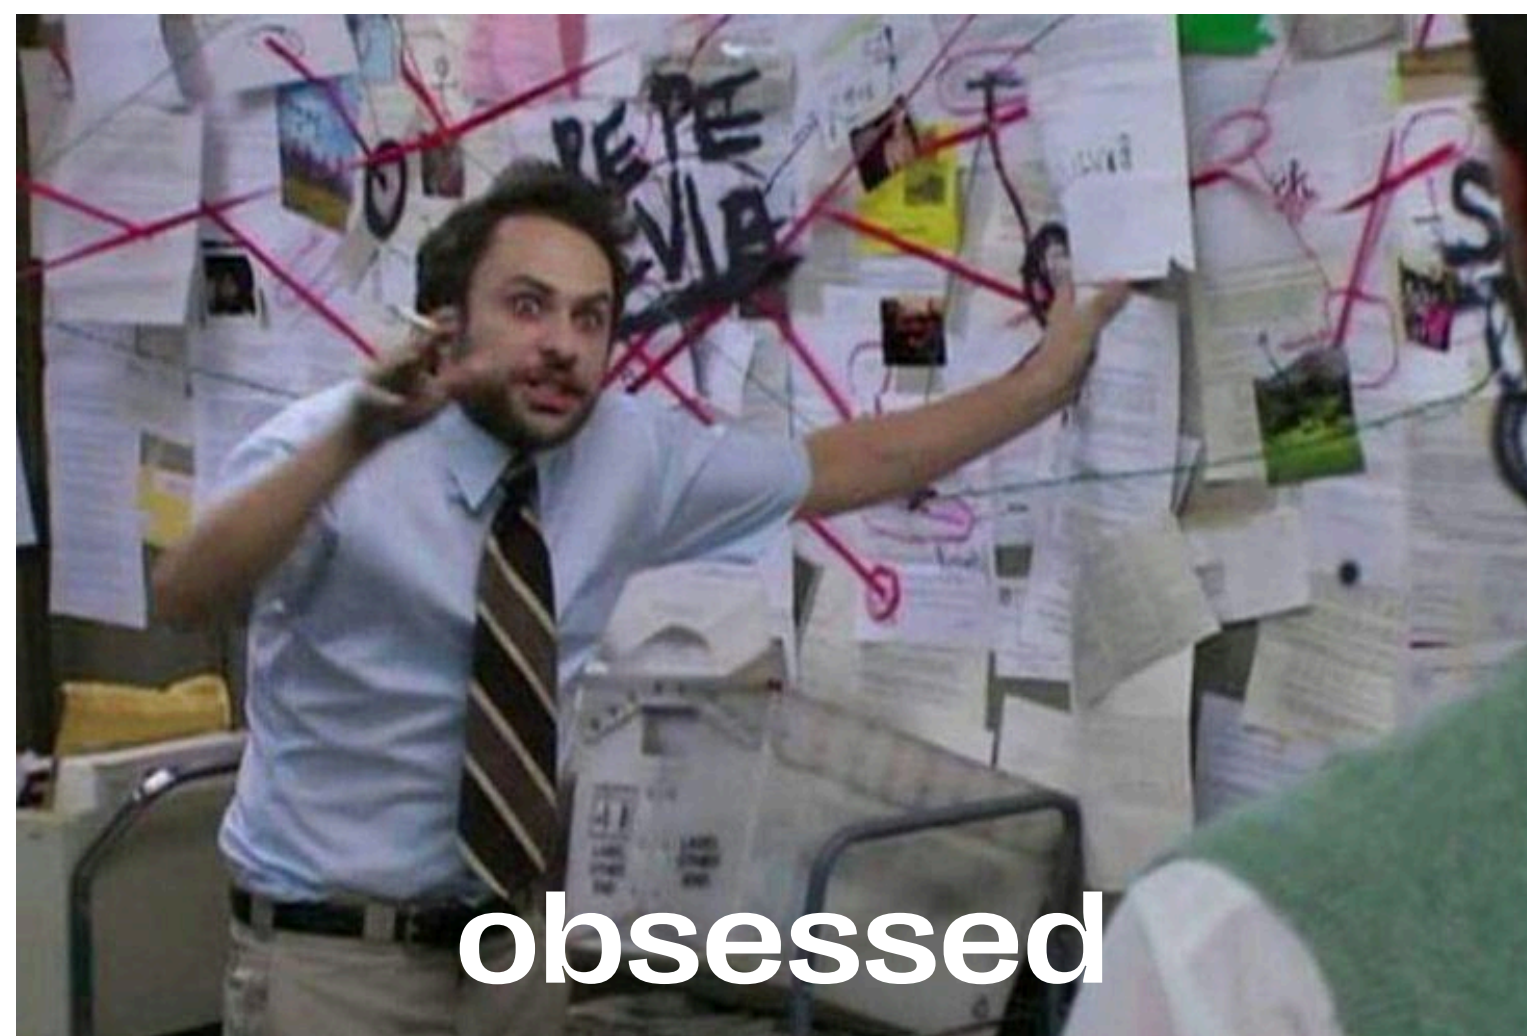

over-caffeinated

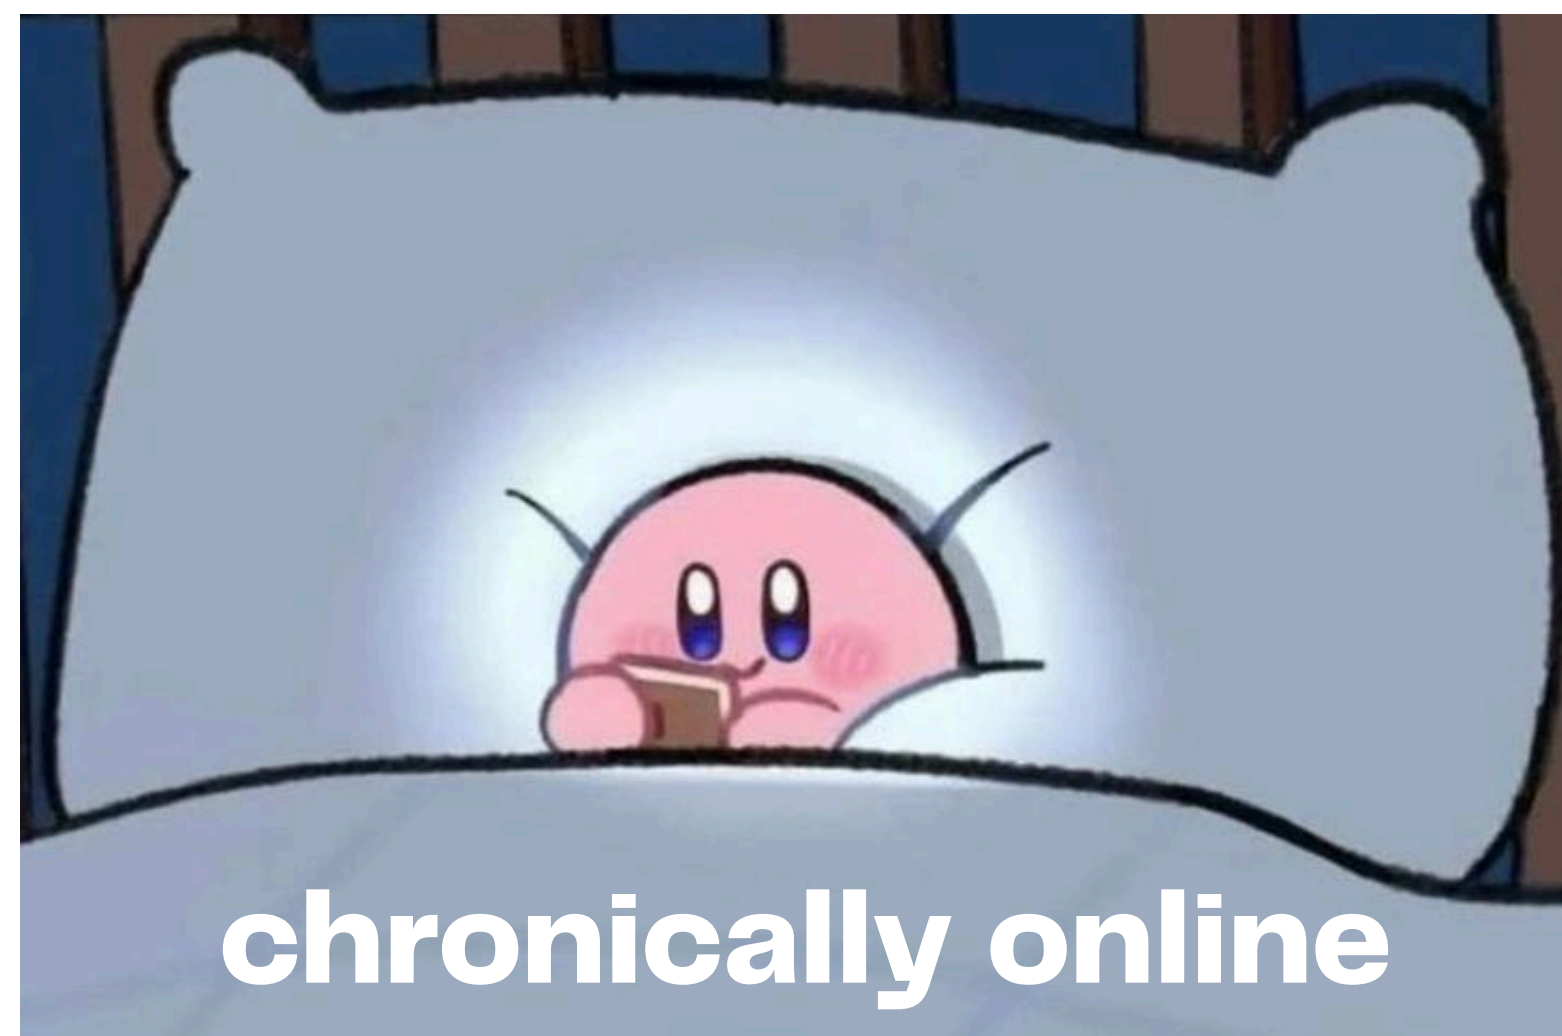

We're also

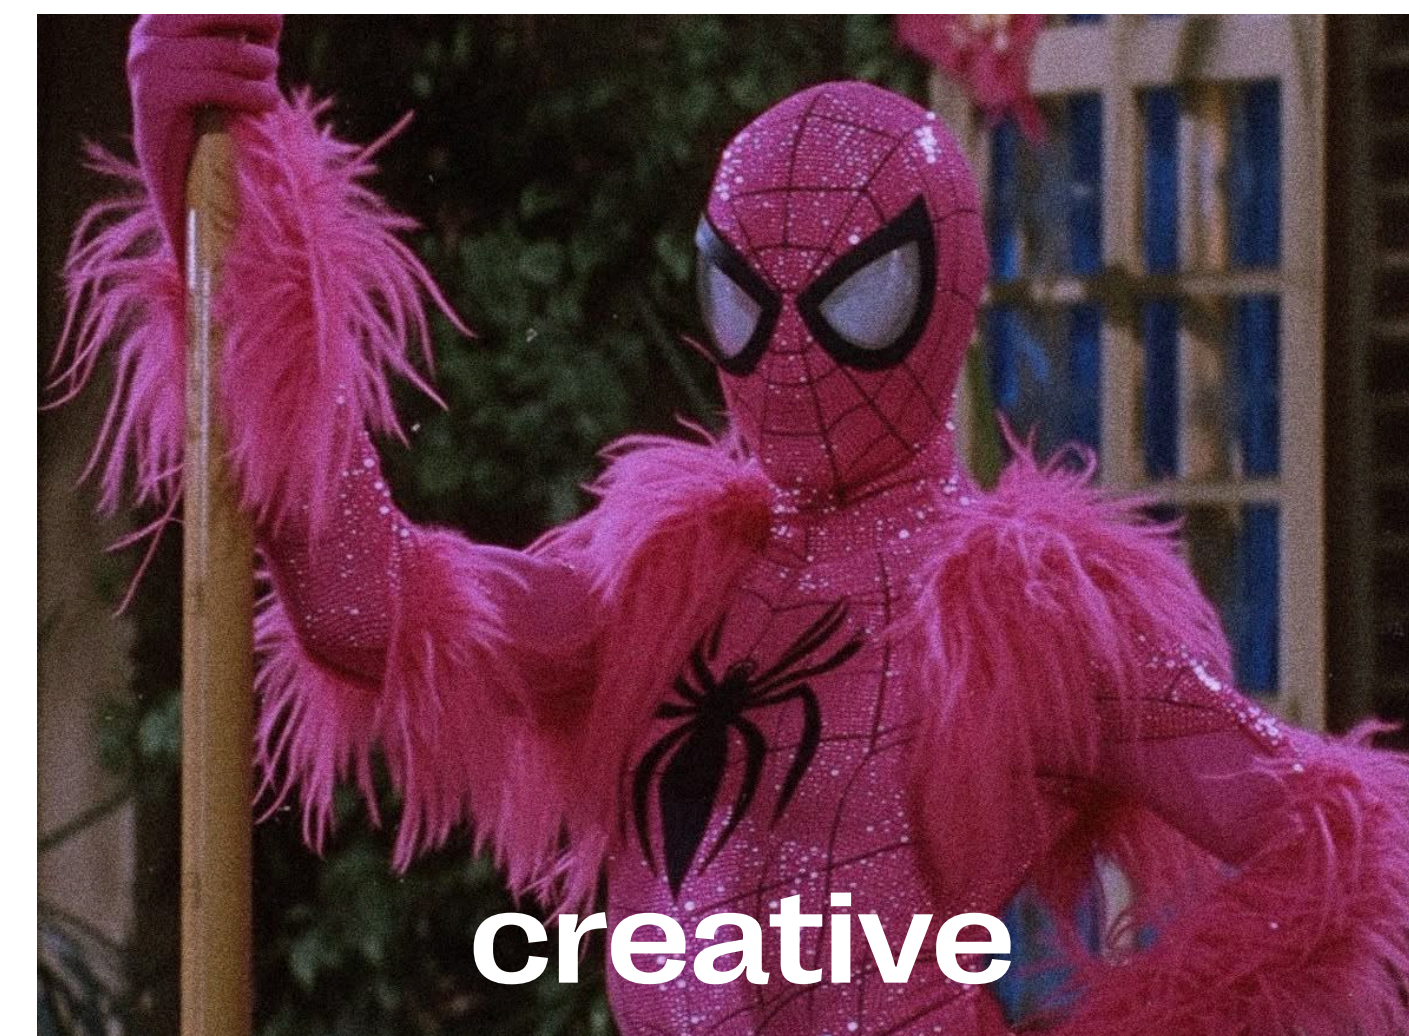

smart

obsessed

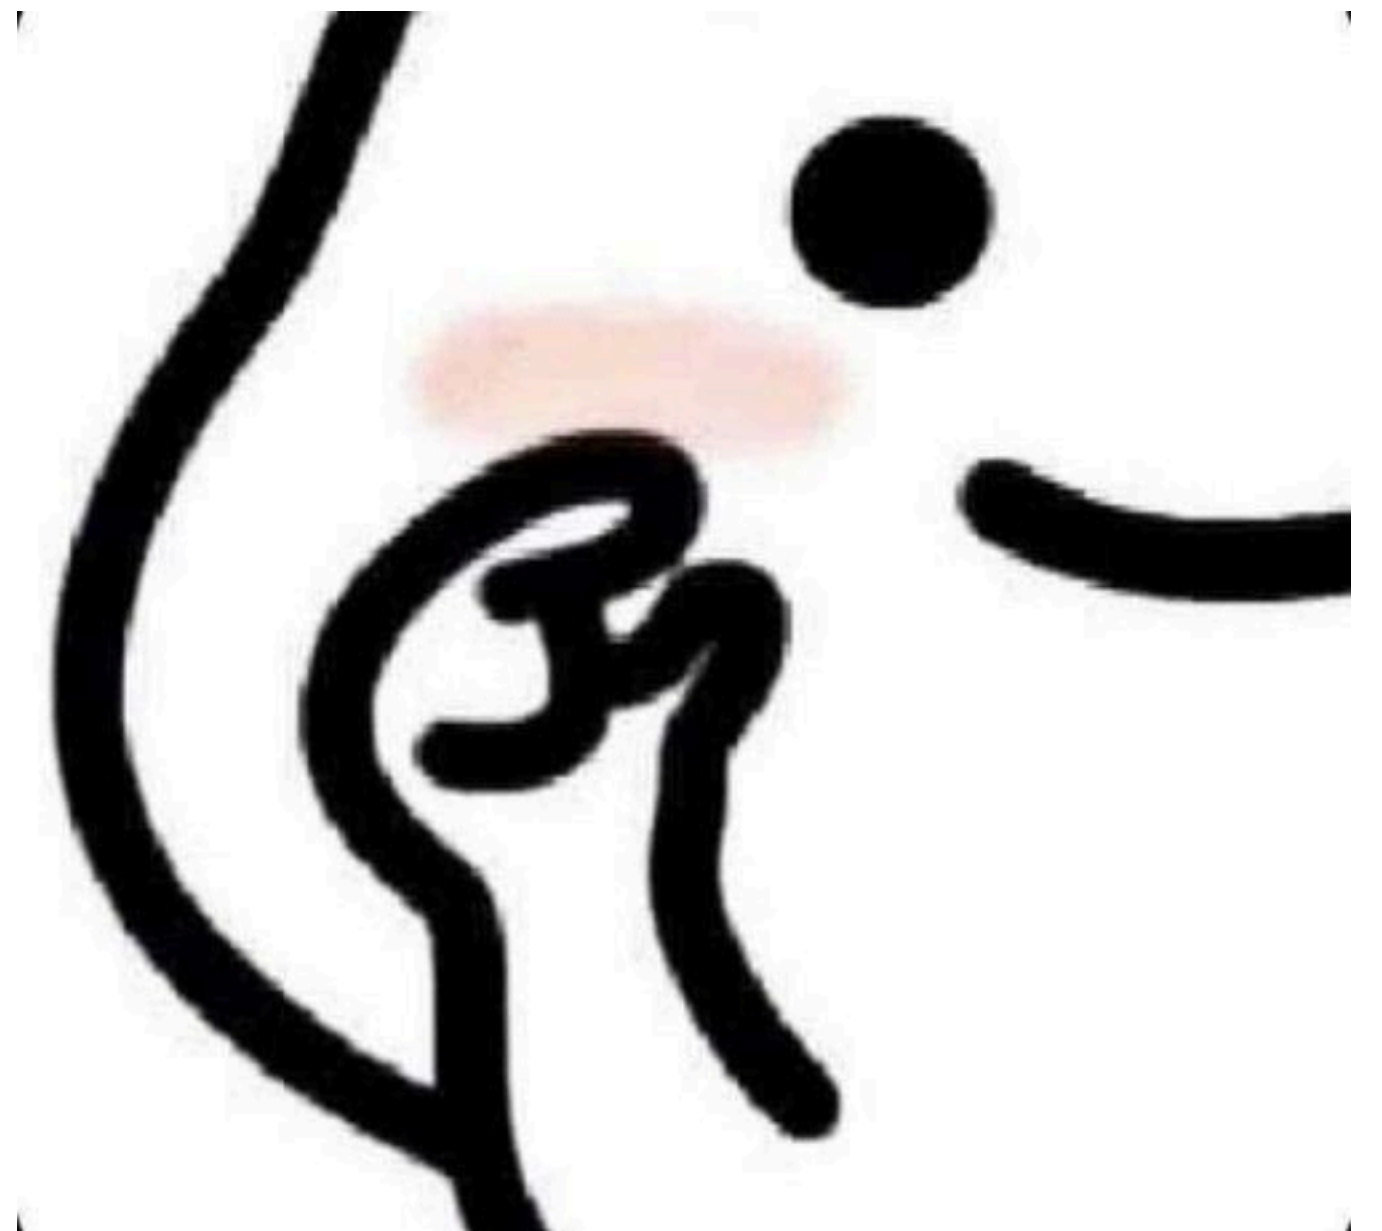

chronically online

creative

**Sounds like something
you'd want?**

let's chat

And scene.
